

Course Descriptions Bachelor 2015-2016

Course Title	Comparative Management																																					
Course Code	EBC2067																																					
ECTS Credits	6,5																																					
Assessment	Whole/Half Grades																																					
Period	Period	Start	End	Mon	Tue	Wed	Thu	Fri																														
	2	26-10-2015	18-12-2015	X/E		X/E																																
Level	Intermediate																																					
Coordinator	Bas van Diepen For more information:b.vandiepen@maastrichtuniversity.nl																																					
Language of instruction	English																																					
Goals	<p>The purpose of teaching Comparative management is to provide students with comprehensive knowledge of various management styles practiced by managers in different countries and different business contexts, with the aim of preparing them to manage different organisations successfully. The intention is to help them to develop an awareness of the concepts of culture and institutions and their pervasive and hidden influence on behaviour in organisations, particularly with respect to management and management practices. We want them to develop familiarity with the types of situations and issues that managers confront when working internationally or in otherwise diverging contexts (e.g., functional areas, professions and industries) and to appreciate the impact of working in a different context on one's personal behaviour.</p>																																					
Description	<p>Comparative management analyses the extent to which management principles are applicable from one business context (e.g., industry or country) to another. Comparative management seeks to determine the applicability of mainstream management know-how to other contexts. For example, the rise of many countries in Asia from being a developing country to global powerhouse status, the unprecedented transformation of societies through the adoption of market culture, and the economic integration in Europe have made it an imperative to explore alternative management approaches to standard theories.</p> <p>Note: Moreover Presentation/Facilitation will be part of the Assessment methods.</p>																																					
Literature	Scientific journal articles and textbook chapters.																																					
Prerequisites	None, but some prior courses on organisation, management, leadership, organisational behaviour and the like greatly enhance the fruitfulness of this course. An advanced level of English.																																					
Teaching methods	PBL / Presentation / Lecture																																					
Assessment methods	Participation / Written Exam
