Goals

Description Global Supply Chain Management focuses on why and how companies engage in international supply chain activities. Key topics include motives, barriers, risks, partnership(s), and the global supply chain organisation. Coping with various supply chain disruptions is a recurring challenge for companies and the students in this course. Tutorials evolve around student presentations and discussions of relevant literature, case studies, and roleplay. Normally, subgroups of students take turns in presenting the highlights of the assigned literature or case material, as well as providing additional material (relevant academic articles, cases, and examples).

Literature Reader based on State-of-the-Art articles on Global Supply Chain Management.

Prerequisites General insight and interest in business. This is one of the four courses in the supply chain management major.  
 An advanced level of English

Teaching methods PBL / Presentation / Assignment / Groupwork

Assessment methods Final Paper / Participation / Presentation
