Goals

- * Define key concepts and approaches drawn from the literature on governance and institutions applicable to the study of emerging markets;
- * Classify and summarize key empirical dimensions of the analysis of governance and institutions suitable to comprehend better emerging markets;
- * Apply an analytical framework to analyse governance and institutional structure in a real-life case study of an emerging market;
- * Constructively judge the applicability and suitability of applied concepts to the analysis of real-life case study of an emerging market;
- * Design a plan of action to explore opportunities and overcome obstacles created by the governance and institutional features of a given real-life case;
- * Critically assess and present a case for modification of the governance and institutional theories and concepts to enhance their suitability for the understanding of emerging market governance and institutional conditions.

Description

The course will develop students' knowledge and skills related to emerging markets' institutional context and conditions. More specifically, after completing this course, students should be able to accomplish the following four learning objectives: -Objective 1: Define, classify, and summarise key concepts and approaches drawn from the literature on governance and institutions applicable to the study of emerging markets countries. -Objective 2: Apply an analytical framework to analyse governance and institutional structure in real-life case studies of an emerging market country. -Objective 3: Constructively judge the applicability and suitability of studied concepts to the analysis of a real-life case study of an emerging market country. -Objective 4: Design a plan of action to explore opportunities and overcome obstacles created by a given real-life case's governance and institutional features.

Literature Syllabus with journal articles and open-access methodological texts.

Prerequisites

Keywords

Teaching methods PBL / Presentation / Lecture / Assignment / Papers / Groupwork / Research / Skills
