Goals get acquainted with basic MS-Excel functions and apply them to every day business problems
- learn how to use the advanced functions of MS-Excel to solve every day business problems

Description In this skills training the application of spreadsheets models on examples of business problems will be the main issue. Spreadsheets programs provide end-users with an easy to use facility for solving all kinds of problems in the business domain, e.g. accounting tasks, production planning and so forth. The focus in this skills training will be on using the 'built-in' functionality of spread-sheet packages to solve every day business problems.
