Language of instruction English

Goals The objective of this practical course is to put you in the position to identify and analyse a financial problem on your own and to apply for that purpose the tools, techniques and concepts you have learned in the previous courses. After the skills you should be able to finalize your thesis proposal and to continue working on your thesis with the limited guidance of a supervisor.

Description The purpose of the Master thesis is to independently conduct an empirical study. The objective of this practical course is to put you in a position to identify and analyse a financial problem on your own and to apply for that purpose the tools, techniques and concepts you have learned in the previous courses. After the skills you should be able to finalize your thesis proposal and to continue working on your thesis with the limited guidance of a supervisor.
