Course Descriptions None 2014-2015

Course Title	Econometrics and OR Modelling
Course Code	EBC2151
ECTS Credits	6,5
Assessment	None

Period

Period	Start	End	Mon	Tue	Wed	Thu	Fri
5	13-4-2015	5-6-2015	-				

Level	Advanced
Coordinator	Jean-Pierre Urbain For more information:j.urbain@maastrichtuniversity.nl
Language of instruction	English
Goals	The students learn how to extend their existing theoretical and methodological knowledge in mathematical economics, operations research econometrics or actuarial science by working on a research case/project that will form the basis of the bachelor thesis.
Description	The students will extend and apply the methods learned and will have the opportunity to specialize to a certain extent in one of the main areas of the programme. Various problems from these fields are proposed to the students that will work on a research project (literature overview, empirical or theoretical analysis in economics, econometrics, OR, an actuarial science model building and solving, optimisation,...) under the supervision of a staff member.
Literature	
Prerequisites	
Teaching methods	PBL / Presentation
Assessment methods	Final Paper / Participation
