Goals	Marketing & Supply Chain Management focuses on the development of a better understanding of marketing management and supply chain issues through the analysis of real-life problems and decision-making in an international context							
Description	In today's internationally-oriented business environment it is crucial for prospective managers to familiar themselves with concepts and issues related to marketing and supply chain management. Developing a thorough understanding of basic concepts such as market segmentation, market research and marketing strategy, as well as knowing how to make use of the supply chain in international competitive markets are topics that will be covered in this course. Marketing & Supply Chain Management can be considered as an intermediate course for marketing and as an introduction course for Supply Chain Management. It builds upon the first year course 'Organisation and Marketing'
