Course Descriptions None 2018-2019

Course Title	Econometrics and OR Modelling
Course Code	EBC2151
ECTS Credits	6,5
Assessment	None

Period

Period	Start	End	Mon	Tue	Wed	Thu	Fri
5	15-4-2019	7-6-2019	C				

Level	Advanced
Coordinator	Andre Berger For more information:a.berger@maastrichtuniversity.nl
Language of instruction	English
Goals	The students learn how to extend their existing theoretical and methodological knowledge in mathematical economics, operations research or econometrics by working on a research case/project that will form the basis of the bachelor thesis. In order to write your bachelor thesis in Econometrics & OR, you have to register for this course (EBC2151) or for EBC2124 in period 5, and for the skills course EBS2044 in period 6.
Description	The students will extend and apply the methods learned and will have the opportunity to specialize to a certain extent in one of the main areas of the programme. Various problems from these fields are proposed to the students that will work on a research project (literature overview, empirical or theoretical analysis in mathematical economics, econometrics and OR, model building and solving, optimisation,...) under the supervision of a staff member.
Literature	
Prerequisites	
Teaching methods	PBL / Presentation / Papers
Assessment methods	Final Paper / Participation
