Course Descriptions None 2021-2022

Course Title	Econometrics and OR Modelling
Course Code	EBC2151
ECTS Credits	6,5
Assessment	Whole/Half Grades

Period

Period	Start	End	Mon	Tue	Wed	Thu	Fri
5	11-4-2022	3-6-2022	C				

Level	Advanced
Coordinator	Andre Berger For more information:a.berger@maastrichtuniversity.nl
Language of instruction	English
Goals	The students learn how to extend their existing theoretical and methodological knowledge in mathematical economics, operations research, econometrics or actuarial science by working on a research case/project that will form the basis of the bachelor thesis. In order to write your bachelor thesis in Econometrics & OR, you have to register for this course (EBC2151) or for EBC2124 in period 5, and for the skills course EBS2044 in period 6.
Description	The students will extend and apply the methods learned and will have the opportunity to specialize to a certain extent in one of the main areas of the programme. Various problems from these fields are proposed to the students that will work on a research project (literature overview, empirical or theoretical analysis in mathematical economics, econometrics and OR, model building and solving, optimisation,...) under the supervision of a staff member.
Literature	
Prerequisites	TRANSITIONAL REGULATION (EBC2151): * Repeat students can follow courses EBC2124, EBC2151 and EBS2044 in academic year 2021/22. * For these courses, there are exam only possibilities in academic year 2022/23. * From academic year 2023/24 onwards repeat students have to follow EBT0003.
Teaching methods	Presentation / Papers / Research / Skills
Assessment methods	Final Paper / Participation / Presentation
