Language of instruction English

Goals

The participants will

- \* familiarize themselves with the SSF approach towards service innovation
- \* experience the challenges and benefits of co-creation in a multidisciplinary team
- \* focus on one specific objective in their personal development
- \* get access to a third party with a service innovation need
- \* develop their time-management skills
- \* build on their team skills

Description The specific content of the project is dependent on client needs and will be announced shortly before the start. The participants will familiarize themselves with the SSF approach towards service innovation and experience the challenges and benefits of co-creation in a multidisciplinary team.
