	S1	1-9-2025	30-1-2026																																														
	S2	2-2-2026	3-7-2026	C																																													
Level	Premaster																																																
Coordinator	Michael Lovering, Lesley-Ann Menzies For more information:m.lovering@maastrichtuniversity.nl; l.menzies@maastrichtuniversity.nl																																																
Language of instruction	English																																																
Goals	Academic writing skills are key to dissemination of research findings. This skills training will focus on providing students with the opportunity to further develop their academic writing skills focusing on academic content, structure and style.																																																
Description	This skills training will focus on providing pre-master students with the skills to further develop and fine-tune their writing skills. The approach will be hands-on and will focus on writing a critical literature review. Therefore, we will also focus on the relevant library skills regarding the literature review, data sources, and referencing.																																																
Literature	SBE Guide to Academic Writing 2020 (3rd edition, revised)																																																
Prerequisites	Dutch, German or Belgian University of Applied Sciences (HBO) students																																																
Keywords																																																	
Transitional Regulations																																																	
Teaching methods	Lecture / Assignment / Papers																																																
Assessment methods	Final Paper
