Language of instruction English

Goals Overview with respect to all aspects under "Course content"; carrying out and presenting empirical tasks. For the marble/honour groups: skills to handle growth models.

Description This course delves into the dynamics that influence a country's progress, exploring the driving forces behind disparities between nations, the distributional impacts of development like poverty and demographic changes, and the complexities of measuring economic growth. This course provides a critical analysis of development economics in a global context.
