Language of instruction English

Goals  
 Learn various traditional and modern theories about why countries trade  
 Learn who is affected and how by trade  
 Learn how trade policies may be used to change the outcomes of trade  
 Apply micro-economic tools to international economic problems

Description The course covers the real part of trade theory. It is a formal analysis of the reasons for international trade, the way different parties gain or lose from trade, and what can be done about that through trade policy. The subject matter is theoretical in nature, but the theory is illustrated using real life examples and cases.
